

Unlock working capital by financing your sales invoices.

Sales Invoice Finance enables businesses to unlock funds against unpaid invoices and strengthen working capital, ensures predictable cash flow and supports smooth day-to-day operations.

Features:

- Funding against approved and outstanding sales invoices
- Faster access to working capital
- Flexible tenor aligned with customer payment cycles
- Reduced cash flow gaps
- Improved liquidity and operational efficiency

How it works?

- The seller raises an invoice to the buyer after delivering goods or services
- The approved invoice is submitted to the Bank for financing
- The Bank evaluates the invoice and provides funds against it, by deducting upfront interest
- The buyer pays the invoice amount on the agreed due date to Bank directly
- The Bank liquidates the loan with the cashflow

Advantages:

- Unlock immediate working capital for the seller against approved invoices
- Maintain uninterrupted business operations
- Seller is able to raise financing within the invoice-receivable life cycle with flexibility
- Improved days sales outstanding

Note:

- The Bank may ask for other information, if required, to process the transaction
